

FIRST EDUCATION

HSC Maths Program

Mathematics Advanced (2 Unit)

The **First Education HSC Mathematics Advanced (2 Unit) Program** is intended for the purpose of guiding HSC students through their HSC Maths studies at a slightly faster rate than what they are likely to experience in the classroom. The program combines learning in small groups, interacting individually with the tutor, doing homework, and experiencing exam style conditions to allow each student to perform above his or her peers.

Structure of each session	
30 mins	Going through homework
30 mins	Session 1 content
5 mins	Quick break / Game
30 mins	Session 2 content
25 mins	Questions on Session 1 and 2 content

Cost of Small Group Sessions

\$96 per 2 hour session.

Fees are payable by the term.

Our mission is to instil such passion and confidence in students that the gap between their current results and 100% is gradually closed, so they can truly come... first!
